AgYOUTH FINANCING PROGRAM

Investing in agriculture's future

American AgCredit's AgYouth Financing Program is an important part of the Association's commitment to the next generation of farmers and ranchers. We proudly support young people who have joined a 4-H club or Future Farmers of America (FFA) chapter and who have an interest in agriculture. Our program provides:

- **Interest-free financing for youth livestock projects**
For qualifying students within projects limits
- **Easy application process**
Students required to maintain a minimum C average in school
- **Educational Workshop**
Finances and budgeting

The program serves to emphasize the importance of maintaining accurate records, budgeting and honoring obligations to repay — providing the future farmer or rancher with tools, skills, and contacts to prepare for a rewarding and successful career in agriculture.
