The Farm Credit System

August 7, 2019

Dear Stockholder:

We present the financial condition of the Farm Credit Services of Hawaii, ACA and it's subsidiaries Hawaii Production Credit Association and Federal Land Bank Association of Hawaii, FLCA. This report reflects the consolidated operating results of the Associations as of the second quarter of 2019.

Net income for the three months ended June 30, 2019 was a loss of (\$1,242,494) as compared to net income of \$68,389 for the three months ended June 30, 2018. The decrease in net income for the quarter ended June 30, 2019 was due primarily to costs associated with the intended Combination with American AgCredit. These costs include the necessary due diligence, employee, legal and other expenses associated with preparing for the proposed Combination.

A Stockholder meeting was held on June 25, 2019. During this meeting the Stockholder votes were counted and the Combination with American AgCredit was approved. This Combination took effect July 1, 2019.

Total assets as of June 30, 2019 amounted to \$85,341,475, a decrease of \$5,260,342, from the June 30, 2018 level of \$90,601,817. The decrease in total assets was due to declining loan volume. Net loan volume was \$74,413,791 as of June 30, 2019 down from \$80,314,066 on June 30, 2018 for a decline of \$5,900,275. The headwinds of increasing interest rates have negatively impacted new loan growth and existing loan retention.

Please note that CoBank, ACB will not send a copy of their quarterly report (Second Quarter 2019) to shareholders. A copy of the report may be obtained free of charge by contacting our Honolulu or Hilo Office or CoBank, 6340 S. Fiddlers Green Circle, Greenwood Village, CO, 80111, telephone (800) 542-8072.

NOTE 1. - ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES

The Farm Credit Services of Hawaii, ACA and wholly-owned subsidiaries, Federal Land Bank Association of Hawaii, FLCA and Hawaii Production Credit Association, (collectively called the Association) is a memberowned cooperative that provides credit and credit related services to or for the benefit of eligible borrowers/stockholders for qualified agricultural purposes in the counties of Honolulu, Hawaii, Maui and Kauai in the state of Hawaii.

A description of the organization and operations of the subsidiary associations, the significant accounting policies followed, and the financial condition and results of operations as of and for the year ended December 31, 2018, are contained in the 2018 Annual Report To Stockholders (2018 Annual Report). These unaudited second quarter 2019 consolidated financial statements should be read in conjunction with the 2018 Annual Report.

The accompanying unaudited financial statements have been prepared in accordance with accounting principles generally accepted in the U.S. (GAAP) for interim financial information. Accordingly, they do not include all of the disclosures required by GAAP for annual financial statements and should be read in conjunction with the audited financial statements as of and for the year ended December 31, 2018 as contained in the 2018 Annual Report.

In the opinion of management, the unaudited consolidated financial information prepared is complete and reflects, all adjustments, consisting of normal recurring adjustments, necessary for a fair statement of results for the interim periods. The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates. Certain amounts in prior period's consolidated financial statements have been reclassified to conform to current financial statement presentation. The results of operations for interim periods, are not necessarily indicative of the results to be expected for the full year ending December 31, 2019. Descriptions of the significant accounting policies are included in the 2018 Annual Report. In the opinion of management, these policies and the presentation of the interim financial condition and results of operations conform with GAAP and prevailing practices within the banking industry.

On February 14, 2019, the Association's board of directors approved an Agreement and Plan of Combination between the Association and American AgCredit, ACA ("Plan of Combination"). Under the Plan of Combination, American AgCredit would acquire the entirety of the Association's operations, Association stockholders would become stockholders of American AgCredit, and American AgCredit would become the System institution chartered to serve the state of Hawaii. On June 25, 2019 the Stockholder votes were counted and the Combination with American AgCredit was approved. This Combination took effect on July 1, 2019.

In August 2018, the Financial Accounting Standards Board (FASB) issued guidance entitled "Customer's Accounting for Implementation Costs Incurred in a Cloud Computing Arrangement That Is a Service Cost." The guidance aligns the requirements for capitalizing implementation costs incurred in a hosting arrangement that is a service contract with the requirements for capitalizing implementation costs incurred to develop or obtain internal-use software (and hosting arrangements that include an internal-use software license). The

accounting for the service element of a hosting arrangement that is a service contract is not affected by this guidance. This guidance becomes effective for interim and annual periods beginning after December 15, 2019. The guidance also requires an entity (customer) to expense the capitalized implementation costs of a hosting arrangement that is a service contract over the term of the hosting arrangement. It further specifies where to present expense and payments in the financial statements. Early adoption is permitted. The guidance is to be applied on a retrospective or prospective basis to all implementation costs incurred after the date of adoption. Management is evaluating the impact of adoption on the Association's financial condition and its results of operations.

In August 2018, the FASB issued guidance entitled "Disclosure Framework — Changes to the Disclosure Requirements for Defined Benefit Plans." The guidance modifies the disclosure requirements for employers that sponsor defined benefit pension or other postretirement plans. This guidance becomes effective for fiscal years ending after December 15, 2020. Early adoption is permitted. The guidance is to be applied on a retrospective basis for all periods. The adoption of this guidance will not impact the Association's financial condition or its results of operations, but will impact the employee benefit plan disclosures.

In August 2018, the FASB issued guidance entitled "Disclosure Framework — Changes to the Disclosure Requirements for Fair Value Measurement." The guidance modifies the requirements on fair value measurements by removing, modifying or adding to the disclosures. This guidance becomes effective for interim and annual periods beginning after December 15, 2019. Early adoption is permitted and an entity is permitted to early adopt any removal or modified disclosures and delay adoption of the additional disclosures until their effective date. The adoption of this guidance will not impact the institution's financial condition or its results of operations, but will impact the fair value measurements disclosures. The institution early adopted the removal and modified disclosures during the fourth quarter of 2018.

In August 2017, the FASB issued guidance entitled "Targeted Improvements to Accounting for Hedging Activities." The guidance better aligns an entity's risk management activities and financial reporting for hedging relationships through changes to both the designation and measurement guidance for qualifying hedging relationships and the presentation of hedge results. The amendments in this guidance require an entity to present the earnings effect of the hedging instrument in the same income statement line item in which the earnings effect of the hedged item is reported. This guidance also addresses the timing of effectiveness testing, qualitative and quantitative effectiveness testing and components that can be excluded from effectiveness testing. This guidance became effective for interim and annual periods beginning after December 15, 2018. The adoption of this guidance did not materially impact on the Association's financial condition or its results of operations.

In June 2016, the FASB issued guidance entitled "Measurement of Credit Losses on Financial Instruments." The guidance replaces the current incurred loss impairment methodology with a methodology that reflects expected credit losses and requires consideration of a broader range of reasonable and supportable information to inform credit loss estimates. Credit losses relating to available-for-sale securities would also be recorded through an allowance for credit losses. For public business entities that are not U.S. Securities and Exchange Commission filers this guidance becomes effective for interim and annual periods beginning after December 15, 2020, with early application permitted. The Association is evaluating the impact of adoption on its financial condition and results of operations.

In February 2016, the FASB issued guidance entitled "Leases." The guidance requires the recognition by lessees of lease assets and lease liabilities on the balance sheet for the rights and obligations created by those leases. Leases with lease terms of more than 12 months are impacted by this guidance. This guidance became effective for interim and annual periods beginning after December 15, 2018. The adoption of this guidance did not materially impact the Association's financial condition or its results of operations but did impact lease disclosures. The Association adopted this guidance on January 1, 2019 and upon adoption, recorded a right of use asset and lease liability of approximately \$400,000 at January 1, 2019.

NOTE 2. - ALLOWANCE FOR LOAN LOSSES

A summary of loans follows:

	June 30, 2019	December 31, 2018
Real estate mortgage	\$72,097,207	\$75,545,780
Production & intermediate term	3,716,737	3,907,546
Total loans	\$75,813,944	\$79,453,326

The Association purchases or sells participation interest with other Farm Credit Institutions in order to diversify risk, manage loan volume and comply with Board Policy and FCA Regulations. The following table presents information regarding participations purchased and sold at the quarter ended June 30, 2019:

Other Farm Credit Institutions	Purchased	Sold
Real estate mortgage	\$5,455,557	\$1,106,387
Production & intermediate term	1,500,000	-
Total	\$6,955,557	\$1,106,387

Nonperforming assets (including related accrued interest) and related credit quality statistics are as follows:

	June 30, 2019	December 31, 2018
Nonaccrual loans:		
Real estate mortgage	\$624,884	\$647,987
Total nonaccrual loans	624,884	647,987
Accruing restructured loans:		
Real estate mortgage	1,104,811	1,058,702
Total accruing restructured loans	1,104,811	1,058,702
Accruing loans 90 days or more past due:		
Real estate mortgage	217,523	-
Total accruing loans 90 days or more past due	217,523	-
Total nonperforming loans	1,947,218	1,706,689
Other property owned	-	-
Total nonperforming assets	\$1,947,218	\$1,706,689

The following table shows loans and related accrued interest classified under the Farm Credit Administration (FCA) Uniform Loan Classification System as a percentage of total loans and related accrued interest receivable by loan type as of:

	June 30, 2019	December 31, 2018
Real estate mortgage		
Acceptable	96.34%	96.00%
OAEM	1.15%	1.56%
Substandard	2.51%	2.44%
Total	100.00%	100.00%
Production & intermediate term		
Acceptable	99.60%	99.62%
Substandard	.40%	.38%
Total	100.00%	100.00%
Total Loans		
Acceptable	96.49%	96.17%
OAEM	1.10%	1.49%
Substandard	2.41%	2.34%
Total loans	100.00%	100.00%

The following tables provide an age analysis of past due loans (including accrued interest) as of:

				Not Past Due		Recorded
	30-89	90 Days		or Less than		Investment >90
	Days Past	or More	Total Past	30 Days Past		days Past Due
June 30, 2019	Due	Past Due	Due	Due	Total Loans	and Accruing
Real estate mortgage	\$2,215,239	\$217,523	\$2,432,762	\$70,064,929	\$72,497,691	\$217,523

A restructuring of debt constitutes a troubled debt restructuring (TDR) if the creditor, for economic or legal reasons related to the debtor's financial difficulties, grants a concession to the debtor that it would not otherwise consider. There were no troubled debt restructurings (whether accrual or nonaccrual) that occurred during the six months ended June 30, 2019 and June 30, 2018.

There were no additional commitments to lend to borrowers whose loans have been modified as TDRs at June 30, 2019 and June 30, 2018.

There were no troubled debt restructurings that occurred within the previous 12 months and for which there was a subsequent payment default during the period.

The following table provides the information on outstanding loans restructured as TDRs at period end. These loans are included as impaired loans in the impaired loan table.

	Loans modified as TDRs		TDRs in Nonac	crual Status*
		December		December 31,
	June 30, 2019	31, 2018	June 30, 2019	2018
Real estate mortgage	\$1,729,695	\$1,706,689	\$624,884	\$647,987
Total	\$1,729,695	\$1,706,689	\$624,884	\$647,987

* represents the portion of loans modified as TDRs (first column) that are in nonaccrual status

NOTE 3 – INVESTMENT IN COBANK

The Association is required to maintain a minimum at-risk investment in CoBank stock based on a percentage of the Association's average borrowings from CoBank. The required stock investment, when added to the Association's attributed share of CoBank surplus, equals the required investment in CoBank, which changes from time to time. The minimum required investment in CoBank is 4.00%.

The stockholder's investment in the Association is materially affected by the financial condition and results of operation of CoBank.

NOTE 4 - MEMBER'S EQUITY

A description of the subsidiary association's capitalization requirements, capital protection mechanisms, regulatory capitalization requirements and restrictions, and equities is contained in the Association's 2018 Annual Report. No dividends were declared or paid in 2018 and during the six months ended June 30, 2019.

The following table provides a summary of the Association's regulatory capital ratios at June 30, 2019 as well as the minimums required by our regulators:

	Ratios June 30, 2019	Regulatory Minimums
Common equity tier 1 (CET 1) ratio	28.47%	7.0%*
Tier 1 capital (T1) ratio	28.47%	8.5%*
Total (regulatory) capital ratio	29.73%	10.5%*
Permanent capital ratio	32.11%	7.0%
Tier 1 leverage ratio	27.86%	5.0%
URE and URE equivalents leverage ratio	27.49%	1.5%

*includes 2.5% capital conservation buffer over risk-adjusted ratio minimums that will be phased in over three years under the regulatory capital requirements.

NOTE 5 - FAIR VALUE MEASUREMENTS

Accounting guidance defines fair value as the exchange price that would be received for an asset or paid to transfer a liability in the principal or most advantageous market for the asset or liability. See Note 15 to the 2018 Annual Report for a more complete description. The Association had no other property owned at June 30, 2019, and at December 31, 2018. Association impaired loans net of specific allowance measured at fair value on a non-recurring basis were \$1,947,218 at June 30, 2019 and \$1,706,689 at December 31, 2018.

Valuation Techniques

As more fully discussed in Note 2 to the 2018 Annual Report, the FASB established a fair value hierarchy, which requires an entity to maximize the use of observable inputs and minimize the use of unobservable input when measuring fair value. Impaired loans and other property owned are generally classified as Level 3. The process for measuring the fair value of impaired loans and other property owned involves the use of appraisals or other market-based information and considering unobservable inputs. As a result, these fair value measurements fall within Level 3 of the hierarchy. Costs to sell represent transaction costs and are not included as a component of the asset's fair value.

NOTE 6 – EMPLOYEE BENEFIT PLANS

The Association previously disclosed in its financial statements for the year ended December 31, 2018, that it expected no contributions to the Association's Pension Restoration Plan in 2019. As of June 30, 2019, no contributions or benefit payments have been made to this non-qualified pension plan.

NOTE 7 - SUBSEQUENT EVENTS

The Association has evaluated subsequent events through August 7, 2019. As previously discussed, effective July 1, 2019, American AgCredit acquired the Farm Credit Services of Hawaii FLCA and PCA through a Combination with Farm Credit Services of Hawaii, ACA. No other material subsequent events were identified.

The stockholder's investment in the Association is materially affected by the financial condition and the results of operation of CoBank. To obtain a copy of the CoBank's Second Quarter 2019 Report to Shareholders, free of charge, please contact CoBank, 6340 S. Fiddlers Green Circle, Greenwood Village, CO, 80111; Telephone (800) 542-8072.
