

# SBA PPP SOLE PROPRIETORSHIP SCHEDULE C APPLICATION

The screenshots below provide guidance on the completion of our SBA PPP online loan application for applicants who will submit an application for sole proprietorships

Due to Limitations within our SBA PPP Online Application, the loan amount will not be calculated correctly for sole proprietorship applications. Please enter the information from the spreadsheet on the indicated fields within the on-line application.

AAC will adjust your loan amount in the online application, prior to submission to SBA, to match the amount documented within the spreadsheet calculator you provide.

## SPA Paycileck Protection Program Sole Proprietorship Schedule - C Calculator

For Sole Proprietorships that file a Schedule C, this calculator \*\* is intended to support the complexion of the SPA PORT and population. Enter information into cells that are shaded yellow (when applicable) to complete the loan calculator. If a yellow cell does not apply, please leave blank.

Due to SBA requirements, supporting documentation is required to complete a SBA-PPP loan application. The supporting documentation must adequately and clearly support and identify (e.g. highlight, circle, etc.) the data entered into the yellow fields on this worksheet and the corresponding application cells. Lack of adequate or clear documentation will slow, or in some cases, prevent the processing of your SBA-PPP loan application.
