For purposes of director nomination and ensuring reasonable geographic representation as well as facilitating representation of different types of agriculture, the Association's territory shall be divided into five geographic territories set forth in Section 460.1. Each year, the Board shall determine whether new, elected, outside appointed director or shareholder appointed director positions should be added or whether any existing elected or appointed director positions with expiring terms should be eliminated, provided that the number of outside appointed directors may not be less than two. The Board or its designee shall notify the Nominating Committee of any changes to the director positions which may affect the work of the Nominating Committee for that year. If director positions are to be eliminated in any given year, the Board will strive to effect the reductions by eliminating those positions that are already due to expire in that year.

500.4 Vacancies. Except as provided in Section 530 hereof, any vacancy on the Board arising from death, resignation, removal or otherwise, may be filled by a Member elected by vote of all members of such Board then remaining. Any member appointed by the other members of the Board to fill a vacancy on the Board referred to in this section shall serve for the remainder of the term of the person he or she replaces, and shall, to the extent possible, possess the same qualifications, if any, applicable to the director so being replaced. Notwithstanding the foregoing, an election shall be held to fill a vacancy if necessary to comply with any FCA Regulation specifying a minimum percentage of the members of the Board that must be elected by Stockholders.

The qualifications, manner of nominations and elections, basis for removal and related matters respecting Outside Appointed Directors shall be determined from time to time by the other members of the Board. However, the term of the Outside Appointed Directors shall be the same as those of the other members of the Board. An Outside Appointed Director shall be automatically removed if he or she becomes a director (other than of the FLCA or the PCA), officer, stockholder, employee or agent of any System institution. An Outside Appointed Director is subject to removal from the Board by the other directors as provided in Section 580.2.

500.6 Financial Expert. The Board shall have at least one director who is a financial expert recognized as having education or experience in: accounting, internal accounting controls, or preparing or reviewing financial statements for financial institutions or large corporations consistent with the breadth and complexity of accounting and financial reporting issues that can reasonably be expected to be raised by the institution's financial statements. The director designated by the Board as a financial expert shall serve on the Association's audit committee.

500.7 Stockholder Appointed Director. Notwithstanding any other provision of these Bylaws, the Board may, in its discretion, and as it deems appropriate and in the best interests of the governance of the Association, appoint a Member to serve as a Director ("Stockholder Appointed Director"). 540.1 General Control of Association. The Board shall be responsible for general control and direction of the affairs of the Association. The Board shall determine Association policy matters as required by the FCA Regulations, periodically review the operations of the Association, and keep itself informed of the Association's fulfillment of its objectives and duties in accordance with the Act, the Regulations, and other objectives. The Board shall recognize that the Association, the PCA and the FLCA are responsible for, and dependent on, each other's financial condition. Accordingly, the Board shall manage the Association's affairs and establish policies with the primary objective of improving the three institutions' combined financial condition in a safe and sound manner.

540.2 Elect and Fix Salary of the Chief Executive Officer. The Board shall: (a) appoint and fix the salary of the chief executive officer; (b) prescribe the duties and responsibilities of the chief executive officer who shall be responsible for the management of the Association; and (c) provide for payment from the Association's general funds of the reasonable and necessary expenses incurred by committees, officers and employees of the Association in connection with the Association's business.

540.3 Adoption of Bylaws. At the first meeting of the Board after October 1, 2023, the Board shall approve these Bylaws.

550.3 Telephone Meetings. Meetings (and meetings of committees provided for in Article VI of the Bylaws) may also be conducted by telephone conference call or video conference provided a reasonable attempt is made to reach all directors (and, with respect to committees, alternates), a direct quorum is present, and technical arrangements permit all persons participating to hear one another at the same time. Such participation shall constitute presence in person at the meeting.

550.4 Notice. Notice of meetings of the Board shall be given by the secretary or such other person as may be designated by the Board. Such notice may be given by mail, e-mail, other written or electronic means, or by telephone. If given by mail, such notice shall be mailed at least 10 days before the meeting date. If given by electronic or telephonic means, such notice shall be sent at least two days before the meeting date. If given by telephone, the secretary shall make reasonable effort to reach all directors and certify that such notice has been given, or such efforts made, at least two days before the meeting date. Notice of any meeting may be waived in writing, either before or after the meeting. Participation in a meeting shall constitute waiver of notice, unless the sole purpose of such participation is to object to the propriety of such meeting.

550.5 Action without Meeting. Any action required or permitted to be taken at any meeting of the Board, or of any committee thereof, may be taken without a meeting if all members of the Board or committee, as the case may be, consent in writing, and the writing or writings are filed with the minutes of the proceedings of the Board or committee, as the case may be.

555 Officers of the Board; Duties; Removal

555.1 Chair, Vice Chair. As soon as practicable following the annual meeting of Members, and at such other times as necessary to fill vacancies, the Board shall elect a Chair and a Vice Chair from among the members of the Board.

The Chair may be an ex-officio member of any committee of the Board.

555.3 Duties of Vice Chair. In the absence of the Chair, the Vice Chair shall perform duties of the Chair. In the absence from a Board meeting of both the Chair and the Vice Chair, one of the other directors shall be elected by those present to preside over the meeting. The Vice Chair may be an ex-officio member of any committee of the Board.

555.4 Removal. The Chair and the Vice Chair of the Board may be removed from such positions with or without cause by a majority vote of the entire membership of the Board.

560 Honoraria. The Association may allow directors reasonable honoraria for attendance at meetings, or for special assignments. The Association may also reimburse directors for reasonable expenses incurred in connection with such meetings or assignments. CoBank may share in payment of director honoraria as agreed between the Association and CoBank subject to compliance with FCA standard of conduct regulations.

570 Quorum. A majority of the Board shall constitute a quorum at any Board meeting and a vote of a majority of the directors present shall determine the decision of the Board.

580 Removal of Board Members.

580.1 Removal by Stockholders. A proposal to consider removal of a director with or without cause may be adopted by a majority vote of the Members present at any annual or special Stockholder's meeting. If the proposal is adopted, it shall be presented to the voting Stockholders at a special meeting or by mail ballot as provided in Section 510.4 of these Bylaws. Removal shall require a majority vote of all voting Stockholders voting in person or by proxy.

580.2 Removal by Board of Directors. Outside Appointed Directors and Stockholder Appointed Directors may be removed with or without cause by a two-thirds vote of the full Board of Directors. The appointed director subject to the removal actions is prohibited from voting in his or her own removal action.

590 Resignation. A director may resign by delivering written notice to the Board specifying the date upon which such resignation is to be effective.

595 Boards of the PCA and the FLCA. Upon being elected or appointed to the Association's Board, such individual shall automatically become a member of the Boards of Directors of the PCA and the FLCA and shall remain on such Boards so long as such individual remains a member in good standing of the Association's Board.

596 Board Advisory Committees. The Board of Directors shall establish Board Advisory Committees at the region or branch office level as it may determine appropriate. The Board shall develop eligibility requirements for membership on the committees and it shall develop the roles and responsibilities for the Board Advisory Committees and shall review those roles and responsibilities from time to time as necessary. Eligibility for membership on the board advisory committee and the roles and responsibilities of the board advisory committee shall be set forth in procedures developed by the Board.

ARTICLE VI COMMITTEES

600 Executive Committee. The Board's Chair may appoint from the Board a minimum of three directors to act with the chief executive officer or another officer designated by the Board, as an executive committee. Such committee shall have such authorities as may be delegated by the Board. Any or all of the directors who are not regular members of such committee may be designated by the Board's Chair as alternate members. Alternate members count in the determination of whether a quorum is present.

620 Other Committees. The Board may, at its discretion, appoint or abolish such other committees as may be necessary. The Board's Chair may appoint or discharge any member of such committees and shall prescribe the authorities and duties of the committees established by the Board. Notwithstanding the foregoing, the Board shall maintain an audit committee, compensation committee, and any other committee required by FCA Regulations.

630 Withdrawal from Meeting. A member of the Board or an employee or director serving on any committee shall withdraw from the meeting of the Board or committee during its deliberations and determination of any matter related to such director's or employee's personal interests (including matters related to family or other relationships that would cause a recusal under FCA standard of conduct regulations), and the minutes shall so state.

640 Quorum. A quorum of a committee of the Board will be declared when a majority of the standing members of the committee are in attendance. Ex officio committee members are not to be included in determining the existence of a quorum.

650 Minutes. Each committee shall keep a written record of its proceedings, which the Association shall retain consistent with the Association's record retention policies and FCA Regulations.

660 Vacancies. Vacancies on any committee shall be filled from among the alternates by appointment by the Board Chair.

ARTICLE VII OFFICERS AND EMPLOYEES

700.1 Chief Executive Officer and Other Officers. Subject to Section 730 hereof, the Board shall name a chief executive officer, who shall serve at the pleasure of the Board, and shall continue in office until a successor is elected and takes office, unless the chief executive officer shall resign, die, retire, or be removed by the Board or FCA. Other Association officers shall be a president, secretary, a treasurer, and any other salaried officers provided for by the Board. Individuals may be appointed to these positions by the chief executive officer as prescribed in

Section 710. One person may hold more than one of these offices simultaneously, except that no person may serve simultaneously as chief executive officer and secretary.

700.2 Eligibility as Salaried Officer or Employee. No individual shall be eligible to become a salaried officer or employee if within the previous 12 months such individual served as a director of the Association or another Farm Credit institution.

710.1 Duties of the Chief Executive Officer. The chief executive officer shall: (a) perform such duties and exercise such authority as vested in him or her by the Board; (b) shall be responsible for the management of the ordinary and usual business operations of the Association; and (c) unless such power is reserved to or limited by the Board, employ, supervise, and dismiss any and all officers and employees of the Association, fix their compensation, and designate the order of precedence in which such other officers shall act in the absence of any officer.

710.2 Duties of the President. If separate from the chief executive officer, the president shall (a) perform such duties and exercise such authority as vested in him or her by the chief executive officer; (b) be responsible for the execution of the ordinary and usual business operations of the Association; and (c) in the absence and/or unavailability of the chief executive officer, unless such power is reserved or limited by the Board, perform duties incident to the office of the chief executive officer.

710.5 Loan Approval. The chief executive officer shall be vested with the authority to approve or deny all loans, participations and other actions related to extending credit up to the Regulatory Lending Limit. The chief executive officer shall have the authority to delegate to individual employee(s) and committee(s) of employees the authority to approve or deny loan applications or participations within specified limits. Any delegation of lending authority by the chief executive officer shall not act to decrease his specified lending limits.

720 Removal. The chief executive officer may be removed from office with or without cause by a majority vote of the entire Board.

730 Joint Management. All officers appointed hereunder shall have the same positions and authorities with respect to Association, the PCA and the FLCA.

ARTICLE VIII CAPITALIZATION, EARNINGS, SURPLUS, DIVIDENDS

800 Authorization, Classes, Par or Face Value. The Association is authorized to have the following classes of capital stock in such amounts as may be necessary to conduct its business unless a maximum number is specified for the class:

- (A) Class A Common Stock – Nonvoting
- (B) Class C Common Stock - Voting
- (C) Class D Common Stock - Nonvoting (10 million shares)
- (D) Class F Participation Certificates
- (E) Class H Preferred Stock – Nonvoting. The Association may have outstanding up to 500 million shares of Class H Preferred Stock, but in no event an amount in excess of any limitation imposed by FCA in connection with FCA’s action approving the disclosure statement furnished to prospective purchasers of Class H Preferred Stock (“Class H Stock Disclosure Statement”).
- (F) One or more series of preferred stock in the amounts and subject to the conditions and limitations set forth in Section 810.6.
- (G) Such other classes of capital stock as may be provided for from time to time in amendments of these Bylaws as provided in Articles VIII and XV.

Each share of common stock and unit of participation certificates shall have a par or face value of \$5.00, and fractional shares or units shall not be issued. Class H Preferred Stock has a \$1.00 per share par value. Fractional shares of Class H Preferred Stock may be issued. Unless otherwise provided herein, all transfers, exchanges, conversions and retirements of capital stock shall be at book value not to exceed par value. Section 810.6 shall set forth the permissible terms and conditions of preferred stock (other than Class H Preferred Stock).

805 Ownership and Transfer. Stock and participation certificates may be transferred to such persons or entities eligible to receive or hold such stock or certificates as enumerated in Section 810 of these Bylaws, provided that Class A Common Stock, Class C Common Stock, Class D Common Stock, Class F Participation Certificates, and Class H Preferred Stock may not be transferred or retired at any time during which the Association is not in compliance with the minimum capital adequacy requirements in the Regulations (including but not limited to subpart H of part 615 and part 628).

Evidence of ownership of capital stock and participation certificates may be by book entry or in definitive form prescribed by FCA.

The Association shall be its own transfer agent in all matters relating to its capital stock and participation certificates. All matters related to the ownership and transfer of preferred stock (other than Class H Preferred Stock) shall be as set forth in Section 810.6.

A borrower’s required investment in Association stock/participation certificates (and the required conversion of such investment into a different class of equity) shall be determined by reference to the borrowing relationship with Association, the PCA and/or the FLCA, as the case may be.

Accordingly, all references to loans and outstanding loan balances in this Article shall include loans held or originated by Association, the FLCA or the PCA.

810 Issue

810.1 Class A Common Stock - Nonvoting. Class A Common Stock shall be issued as a patronage distribution under Section 880 hereof or issued in exchange for a like number of shares of Class C Common Stock when said holder has fully retired his loan or loans with the Association and has not had a borrowing relationship with the Association for two years. Class A Common Stock may be converted to Class C Common Stock if the holder becomes a borrower eligible to own Class C Common Stock or to Class F Participation Certificates if the holder becomes a borrower eligible to own Class F Participation Certificates.

810.2 Class C Common Stock - Voting. Class C Common Stock shall be issued or transferred to farmers, ranchers and producers or harvesters of aquatic products who are borrowers or about to become borrowers from the Association.

On or after the effective date of these Bylaws, each borrower from or through the Association who is eligible to become a voting stockholder must purchase, or convert from Class A Common Stock, sufficient shares of Class C Common Stock to bring his total ownership of such stock to an amount established by the Board, which amount may not be less than the statutory minimum stock purchase requirement nor more than seven percent of the total principal amount of all loan(s) to the borrower.

For new loans made on or after the effective date of these Bylaws with respect to then existing loans, the borrower must purchase, or convert from Class A Common Stock, sufficient amounts of Class C Common Stock to bring the borrower's total ownership of Class C Common Stock to such amounts as may be established from time to time by the Board, which amount may not be less than the statutory minimum stock purchase requirement nor more than seven percent of the total principal amount of all loan(s) to the borrower.

All stock owned by a borrower shall be counted in aggregate toward the borrower's required investment for all loans.

When a holder of Class C Common Stock has fully retired his loan or loans with the Association and has not had a borrowing relationship with the Association for two years, Class C Common Stock shall be exchanged for a like amount of Class A Common Stock.

810.3 Class D Common Stock - Nonvoting. Class D Common Stock shall be issued to CoBank and other System institutions in the discretion of the Board. Class D Stock may be retired only at the discretion of the Board and shall have no voting rights.

810.4 Class F Participation Certificates - Nonvoting. Class F Participation Certificates may be issued or transferred to rural residents, persons furnishing farm related services, or to other persons eligible to borrow for the purpose of qualifying for services offered by the Association who are not eligible to hold Class C Common Stock.

Each borrower from the Association who is not eligible to become a voting stockholder must purchase, or convert from Class A Common Stock, sufficient units of Class F Participation Certificates to bring his total ownership of such units to an amount established by the Board, which amount may not be less than the statutory minimum stock purchase requirement nor more

than seven percent of the total principal amount of all loan(s) to the borrower. For new loans made on or after the effective date of these Bylaws, the borrower must purchase, or convert from Class A Common Stock, sufficient amounts of Class F Participation Certificates to the amount established by the Board as described above.

All units of Class F Participation Certificates owned by a borrower shall be counted in aggregate toward the borrower's required investment for all loans.

When a holder of Class F Participation Certificates has fully retired his loan or loans with the Association, Class F Participation Certificates shall be exchanged for a like amount of Class A Common Stock.

810.5 Class H Preferred Stock - Nonvoting. Class H Preferred Stock may be issued to, and may be acquired by, Members and Equityholders who at the time of such issuance or acquisition hold any class of common stock or participation certificates. Class H Preferred Stock is transferable only to another holder of Class H Preferred Stock, and then only after the transferor provides written notice to the Association in a form prescribed by the Association's Board. Class H Preferred Stock possesses only those voting rights set forth in Section 890 hereof related to preferred stock issuances. Other rights and limitations of Class H Preferred Stock are set forth below and in the Class H Stock Disclosure Statement.

810.6 Rights and Preferences of Preferred Stock.

810.6.10. Authorization. The Association is authorized to issue preferred stock ("Preferred Stock") with an aggregate par value of up to \$900 million outstanding at any one time as may otherwise be limited by applicable regulations. The par value of each share of Preferred Stock may vary by series. Preferred Stock may be issued for consideration to any person or entity that qualifies as a "qualified institutional buyer" (as such term is defined in Rule 144A under the Securities Act of 1933 (the "Securities Act")), institutional "accredited investor" (as such term is defined in Rule 501(a)(1), (2), (3), (7) or (9) under the Securities Act), or other such investor approved by the FCA at the time of issuance thereof. Preferred Stock shall not be issued as patronage distributions. Each series of Preferred Stock shall be subject to any transfer restrictions, minimum purchase amounts, and limitations on eligible purchasers imposed by the FCA at the time of issuance thereof. Preferred Stock may not be converted into any class of stock other than another series of Preferred Stock. Preferred Stock may be in certificate or book-entry form at the Board's option. In either case, ownership shall be confirmed and transfers registered by the Association or by a registrar or a transfer agent retained by the Association.

810.6.20. Rights of Series. Preferred Stock may be issued from time to time by resolution of the Board in one or more series, each series being so designated as to distinguish the shares thereof from the shares of all other series. Subject to the limitations set forth in these Bylaws, all or any of the series of Preferred Stock and the relative rights and preferences between series may be fixed and determined by the Board in a certificate of designations adopted by the Board. The rights and preferences of each series of Preferred Stock, when established as set forth herein, shall be deemed to be part of this Article VIII.

810.6.30. Dividends. Preferred Stock shall bear either cumulative or non-cumulative dividends payable in arrears, when, as and if declared by the Board out of legally available funds. Preferred Stock shall be entitled to a preference both as to dividends (and other distributions including patronage distributions) and upon liquidation, dissolution and winding up over all of the

Association's common stock, the Class H Preferred Stock, participation certificates, and allocated surplus (collectively, "Junior Stock").

810.6.40. Redemption. Preferred Stock is redeemable as specified in the terms of the particular series of Preferred Stock. The terms of a series of Preferred Stock may allow redemptions of the shares of such series, in part or whole: (a) upon a specified maturity date; (b) at the option of the Association, on or after the expiration of a specified "no-call" feature (or at any time if there is no such feature); or (c) at the discretion of the Association, on or after a "Regulatory Event" as specified in the terms of the Preferred Stock, or any combination of the foregoing. Any redemption at the option of the Association shall be at the sole discretion of the Board and subject to any required approval of the FCA or any other governmental or regulatory body applicable to the Association. Each redemption of Preferred Stock shall be at par value, not to exceed book value, plus accrued and unpaid dividends to the redemption date for cumulative Preferred Stock, and at par value, not to exceed book value, plus (to the extent provided in the terms of the Preferred Stock) declared and unpaid dividends for prior dividend periods and accrued and unpaid dividends (whether or not declared) for the then current dividend period to the redemption date for non-cumulative Preferred Stock. Any redemption of Preferred Stock is subject to Regulations and shall not occur unless the Association is in compliance with the minimum capital adequacy standards in the Regulations (including subpart H of part 615 and part 628). Redemption of Preferred Stock may require prior approval by the FCA.

815 Retirement. Except as provided below, all classes of common stock, preferred stock and participation certificates may be retired only at the discretion of the Board and only if, after such retirement, the Association would continue to meet minimum capital adequacy standards in the Regulations (including but not limited to subpart H of part 615 and part 628), and the capital requirements established by the Board. Common stock or participation certificates, when retired, shall be retired at book value not to exceed par or face value. Notwithstanding the foregoing, common stock and participation certificates that are "protected" within the meaning of Section 4.9A shall only be retired at par value and then only as allowed under the Regulations. Shares of Class H Preferred Stock shall be considered for retirement by the Board at the holder's request at the price and under the terms and conditions specified in the Class H Stock Disclosure Statement. The Association may redeem, in the Board's sole discretion, all or any portion of the outstanding Class H Preferred Stock at any time for a price equal to their par value plus declared but unpaid accrued dividends with respect to such shares. Any such redemption of less than all outstanding shares of Class H Preferred Stock shall be on a pro-rata basis. In addition, the Association may redeem, in the Board's sole discretion, a specific holder's shares of Class H Preferred Stock upon repayment of the holder's loan(s) or upon the holder's death, and whether or not the Association redeems the holder's common stock or participation certificates.

820 Liens. Except for stock or participation certificates held by other Farm Credit institutions, the Association, the PCA and the FLCA, as applicable, shall have a first lien on all stock (other than Preferred Stock) and participation certificates held by any borrower, as well as the proceeds therefrom, as additional collateral for any indebtedness of the borrower to the Association and Subsidiaries. Stock and participation certificates may not be pledged or hypothecated to third parties.

Subject to Section 4.14(B) of the Act, when the debt of the borrower is in default, the Association may, but shall not be required to, retire at book value not to exceed par value all or part of such equities held by the borrower and apply the proceeds thereof in total or partial liquidation of the debt.

825 Distribution on Liquidation. In the event of liquidation or dissolution of the Association, any assets of the Association remaining after payment or retirement of all liabilities shall be distributed:

825.1 First, ratably to the holders of Preferred Stock, in proportion to the number of shares of such Preferred Stock then issued and outstanding and consistent with the terms of such Preferred Stock until an amount equal to the liquidation preference provided for in the terms of such Preferred Stock established pursuant to this Article VIII of all such shares has been distributed to such holders (except that, if the shares of Preferred Stock of different series have different priorities upon liquidation as contemplated by Section 810.6, distribution shall be first made to the more senior series in accordance with their ranking up to the amount equal to their respective liquidation preferences before distributions are made to the more subordinated series);

825.2 Second, to the holders of Class H Preferred Stock, pro rata, until an amount equal to the aggregate par value of all such shares then issued and outstanding, plus accrued but unpaid dividends, has been distributed to such holders;

825.3 Third, to the holders of common stock and participation certificates, without preference to classes of stock or participation certificates, pro rata, in proportion to the number of shares or units of each class then issued and outstanding until an amount equal to the aggregate par or face value of all such shares has been distributed to stockholders;

825.4 Fourth, to the holders of allocated surplus evidenced by qualified written notices of allocation, in the order of year of issuance and pro rata by year of issuance;

825.5 Fifth, to the holders of allocated surplus evidenced by nonqualified written notices of allocation, in the order of year of issuance and pro rata by year of issuance; and

825.6 Sixth, any remaining assets of the Association after such distributions shall be distributed to present and former Patrons in the proportion to which the aggregate business done with or for each such party (as measured by value or volume as determined by the Board) bears to the total business done with or for all such parties insofar as practical unless otherwise provided by law. "Business" for this purpose shall be patronage business transacted with the Association, the PCA and the FLCA.

830 Reserved

840 Applications of Earnings. At the end of each fiscal year, the Association shall apply its earnings (including patronage allocations and refunds received from CoBank) for such fiscal year as follows and in the order listed:

840.1 Operating expenses. To cover operating expenses, including provision for loss expense on assets as provided by law and in accordance with generally accepted accounting principles;

840.2 Restoration of Stock Impairment. To restore the amount of any impairment of any class of stock or participation certificates in the reverse order of the sequence in Section 845 until each share of stock and participation certificate has a book value equal to par or face value;

840.3 Allocated surplus. To restore the amount of any impairment of allocated surplus in the reverse order of the impairment;

840.4 Unallocated surplus account. To create and maintain an unallocated surplus account as the Board determines necessary for the safe and sound operation of the Association; and

840.5 Dividends and patronage refunds. To pay dividends and patronage as determined by the Board in accordance with the provisions of these Bylaws.

845 Absorbing Losses. In the event of a net loss for any fiscal year after applying earnings for such fiscal year as provided in Section 840, such loss shall be absorbed as follows:

845.1 Unallocated surplus. Charges to the unallocated surplus account;

845.2 Non-qualified allocated surplus. The impairment of allocated surplus evidenced by nonqualified written notices of allocation in the reverse order of year of issuance and pro rata by year of issuance;

845.3 Qualified allocated surplus. The impairment of allocated surplus evidenced by qualified written notices of allocation in the reverse order of year of issuance and pro rata by year of issuance;

845.4 Stock and Participation Certificates. The impairment of all shares of common stock and units of participation certificates, pro rata to each share outstanding, without preference to class of stock or participation certificate;

845.5 Class H Preferred Stock. The impairment of all shares of Class H Preferred Stock, pro rata to each share outstanding; and

845.6 Preferred Stock. The impairment of each share of Preferred Stock in accordance with the terms of the Preferred Stock.

850 Surplus. The Association shall create and maintain an unallocated surplus account and may maintain an allocated surplus account. The minimum aggregate amount of these two accounts shall be prescribed by the Board. At the end of any fiscal year that the surplus accounts otherwise would be less than the minimum amount prescribed by capital adequacy requirements prescribed by the FCA, the Association shall apply earnings for the year to the unallocated surplus account in such amounts as may be necessary to meet these requirements. Except as provided in Section 845, the unallocated surplus account may not be reduced below the minimum aggregate amount prescribed by the FCA without the FCA's prior approval.

860 Allocated Surplus Account

860.1 Create and maintain an allocated surplus account. The Association Board may create and maintain an allocated surplus account consisting of earnings held therein and allocated to Patrons on a patronage basis pursuant to Section 880 of these Bylaws. Allocated surplus may be issued as either "qualified written notices of allocation" or "non-qualified written notices of allocation," or both, as those terms are defined under Internal Revenue Code ("Code") Section 1388:

(A) All allocations in the form of qualified written notices of allocation shall be issued in annual series and shall be identified by the year of issuance. Each such series shall be retired fully or on a pro rata basis, only at the discretion of the Board, in order of issuance by year as funds are available.

(B) All allocations in the form of non-qualified written notices of allocation shall be issued in annual series and identified by the year of issuance. Each annual series may be subdivided between two or more classes. Each such series, or class thereof, shall be retired at the sole discretion of the Board.

In the event of a net loss for any fiscal year, such allocated surplus shall be subject to impairment as provided in Section 845. Only those persons to which allocated surplus may be issued may own such allocated surplus.

860.2 First lien on all surplus account allocations. The Association, the FLCA and the PCA, as applicable, shall have a first lien on all surplus account allocations owned by any borrower, and all distributions thereof, as additional collateral for the borrower's indebtedness to the Association, the FLCA and the PCA, as the case may be.

860.3 Default or in process of final liquidation. When the debt of a borrower is in default or is in the process of final liquidation by payment or otherwise, the Association may order any and all surplus account allocations owned by such borrower to be applied on the indebtedness.

860.4 Retirement on a case-by-case basis. Subject to Regulations and as permitted by FCA, whenever all of the stock and participation certificates owned by a borrower are retired or otherwise disposed of and the Association meets the requirement of Section 850, any surplus account allocations owned by such borrower may also be retired upon request of the owner and approval of the Board, and the proceeds paid to the owner. Alternatively, if the Association directs, such surplus account applications may be applied against any of the borrower's indebtedness to the Association, the FLCA and the PCA.

860.5 Retirement of Series. In the complete discretion of the Board, allocated surplus may be distributed or retired in cash but only if, after such distribution or retirement, the Association would continue to meet minimum capital adequacy standards established in the Regulations (including but not limited to subpart H of part 615 and part 628), and the capital requirements established by the Board. The cash proceeds may be applied against the indebtedness of the borrower to the Association, the FLCA and the PCA. Distributions of less than the full amount of all allocations issued as part of the same series (or class thereof) shall be on a pro rata basis.

860.6 Other. No distribution or redemption of allocated surplus will be declared, paid or set aside for payment, unless previously accumulated and unpaid Preferred Stock dividends have been paid in full or, in the case of non-cumulative Preferred Stock, the full dividends for the immediately preceding dividend period have been declared and paid in full, and the Association has redeemed the full number of outstanding shares for each outstanding series of term (non-perpetual) Preferred Stock that are required to be redeemed prior to that date.

870 Dividends

870.1 In General. Subject to the Act and the Regulations thereunder, and provided that, at the time of declaration thereof, no class of stock shall be impaired, noncumulative dividends may be declared and paid on any one or more classes of stock, as the Board from time to time may determine, subject to the preferences established in this Section. All dividends will be declared on a per share or per unit basis. In any given year, dividends may not exceed eight percent per annum of the par value of the class of stock on which such dividends are paid. No dividends shall be paid on common stock or participation certificates in any year with respect to which the Association has obligated itself to distribute patronage under Section 880. In addition, so long as

any shares of Class H Preferred Stock are outstanding, the Association may not pay or declare any dividend on any class of its common stock or participation certificates or distribute any patronage refunds (except in the form of nonqualified written notices of allocation), unless all accrued dividends on Class H Preferred Stock as of the end of the most recent dividend period shall have been paid or declared and a sum set aside in payment thereof. No dividends on any class of common stock or participation certificates or Class H Preferred Stock will be declared, paid or set aside for payment unless previously accumulated and unpaid Preferred Stock dividends have been paid in full or, in the case of non-cumulative Preferred Stock, the full dividends for the immediately preceding dividend period have been declared and paid in full, and the Association has redeemed the full number of outstanding shares for each outstanding series of term (non-perpetual) Preferred Stock required to be redeemed prior to that date.

870.2 Provisions Applicable to Common Stock Dividends.

(A) If at the time of any cash dividend payment any shareholder's investment is below the minimum required capital level for such shareholder, established pursuant to Section 810 of these bylaws, the Association is authorized to use part or all of the dividend proceeds to increase the shareholder's investment to such minimum required level.

(B) If dividends are declared on common stock, they must be declared at the same rate per share or unit on Class A Common Stock, Class C Common Stock, Class D Common Stock and Class F Participation Certificates.

(C) Dividends may be paid in the form of any class of stock (including participation certificates) which the recipient thereof is eligible to hold, or in cash, or any combination thereof, as the Board from time to time may determine.

(D) Notwithstanding other provisions of this Section, dividends may not be declared unless the Association, after recording the dividend, will meet minimum capital adequacy requirements under Regulations (including but not limited to subpart H of part 615 and part 628).

(E) Dividends, when paid, shall be paid to holders of record on the effective date of declaration.

870.3 Dividends on Class H Preferred Stock. Dividends on each share of Class H Preferred Stock shall accrue on a daily basis at a specified rate from and including the date of issuance of such share and to (but not and including) the date such share is retired. The rate at which dividends shall accrue shall be set, and adjusted from time to time, by the Board pursuant to the terms of the Class H Stock Disclosure Statement; provided, however, the dividend rate on Class H Preferred Stock shall not exceed 8% per annum of the par value of said stock. Accrued dividends shall cumulate until declared and paid. Subject to the Act and the Regulations thereunder, and provided that at the time of declaration thereof no class of common stock shall be impaired, accrued dividends on Class H Preferred Stock may be declared in the Board's sole discretion in the order accrued. Dividends will be paid on the effective date of the declaration to holders of shares of Stock during the accrual period specified by the declaration. When declared, dividends on Class H Preferred Stock may be paid in cash or additional shares of Class H Preferred Stock as the Board so determines. Notwithstanding the foregoing, dividends may not be paid if the action would result in failure of the Association to meet minimum capital adequacy

requirements established under Regulations (including but not limited to subpart H of part 615 and part 628).

870.4 Dividends on Preferred Stock. Dividends on Preferred Stock shall be as set forth in Section 810.6.30.

870.5 Dividends – Other. Any dividend that is declared by the Board on capital stock or participation certificates and distributed by the Association shall not reduce the net earnings from business done with or for Patrons for the year of distribution as defined in Section 880. Such dividends are in addition to amounts otherwise payable to Patrons which are derived from business done with or for Patrons during the fiscal year.

880 Patronage

880.1 Distribution of Patronage. Subject to the provisions of the Act and Regulations, prior to the beginning of any fiscal year or other period, the Association's Board may, by adoption of a resolution (the "Patronage Resolution"), obligate the Association to distribute its available Patronage-Sourced Net Earnings to Patrons. Such distributions shall constitute patronage dividends, within the meaning of Code Section 1388, and shall be allocated on the basis of the quantity or value of patronage business done with the Association and its Subsidiaries. Patrons shall include Members and such other customers, borrowers and financial institutions with which the Association, the PCA and/or the FLCA conduct business during the fiscal year and as identified by the Board in the Patronage Resolution. Patronage-Sourced Net Earnings shall mean the net earnings of the Association, the PCA and the FLCA for the fiscal year, as computed under generally accepted accounting principles, attributable to patronage business done with or for Patrons. All transactions done with or for Patrons shall be deemed patronage business unless otherwise provided in the Patronage Resolution. Any outstanding Patronage Resolution that is not rescinded prior to the beginning of a fiscal year shall become irrevocable and constitute a binding legal obligation of the Association with respect to such fiscal year. Each patronage transaction shall include as part of its terms, whether the same has been expressly referred to in said transaction or not, the provisions of this Article VIII of the Bylaws.

The Patronage-Sourced Net Earnings available for patronage distribution shall be determined after making provision for the requirements of Section 840, including the setting aside of a portion of the net earnings in the unallocated surplus account, as deemed prudent for sound capital accumulation. The Board in its resolution may establish a minimum level of available earnings and if the available earnings fall below this level no patronage distribution will be made.

880.2 Proportionate Distribution. All patronage distributions shall be allocated among Patrons in the proportion that the average balance of each Patron's patronage transaction bears to the average balances of all patronage transactions for the period, or such other proportionate patronage basis as may be approved by the Board consistent with the requirements of Subchapter T of the Internal Revenue Code. The Board may establish, on a fair and equitable basis, separate patronage pools for patronage transactions of the same type or with similar characteristics. Any such pools shall be charged a fair and equitable allocation of expenses. Earnings from transactions that do not constitute patronage transactions, including transactions with Members and Equityholders done on a non-patronage basis, will be segregated into a separate pool and will be not available for patronage distribution.

880.3 Preferred Stock Dividends. No patronage distributions will be declared, paid or set aside for payment, unless previously accumulated and unpaid Preferred Stock dividends have been paid

in full or, in the case of non-cumulative Preferred Stock, the full dividends for the immediately preceding dividend period have been declared and paid in full, and the Association has redeemed the full number of outstanding shares for each outstanding series of term (non-perpetual) Preferred Stock that are required to be redeemed prior to that date.

880.4 Payment of Distributions. Patronage distributions may be in cash, Class A Common Stock, or allocations of earnings retained in an allocated surplus account, or any one or more of such forms of distribution. Any portion of a patronage distribution made in the form of Class A Common Stock which is not a multiple of \$5.00 may be distributed in cash or held by the Association for the borrower and included in subsequent distributions. In the event that the total patronage distribution to a Patron is less than \$100, such distribution may be paid entirely in cash notwithstanding the fact that distributions of \$100 or more are paid partially in cash and partially in stock or allocated surplus. In the event that the cash distribution to a Patron is less than a de minimis amount established by the Board, such cash distribution may, at the discretion of the Board, be retained by the Association and added to unallocated surplus.

880.5 Application to Debt. If the debt or other obligation of a Patron is in default, any part of the patronage distribution to that Patron may, at the discretion of the Association, be applied against such debt or other obligation.

880.6 Membership Consent to Take Patronage Distribution into Income. Each holder of voting stock shall, by such act of membership and receipt of a copy of this ByLaw article, consent that the amount of any distributions with respect to patronage which are made in or evidenced by written notices of allocation, as defined in Code Section 1388 (including allocations of surplus and patronage refunds paid in stock but excluding any notice designated as “nonqualified”), and which are received by him or her from the Association, will be taken into account as income by such person at the stated dollar amount in the manner provided in Code Section 1385(a) in the taxable year in which such written notices of allocation are received. Such holder also consents by such act alone, to take into account as income in the same manner the amount of any distributions with respect to patronage provided he or she receives written notice that such amount has been applied on his or her indebtedness to the Association, the PCA or the FLCA. Consent under this paragraph shall be continuing in effect but shall cease to be effective with respect to patronage of a distributee occurring after the distributee has ceased to hold voting stock of the Association.

880.7 Patron’s Consent to Take Patronage Distribution into Income. The Association may obtain from each Patron written consent that the amount of any distributions with respect to the Patron’s patronage, which are made in or evidenced by written notices of allocation, as defined in Code Section 1388 (including patronage allocations of surplus accounts and patronage refunds paid in stock but excluding any notice designated as “nonqualified”), and which are received by him or her from the Association, will be taken into account as income by such person at the stated dollar amount in the manner provided in Code Section 1385(a) in the taxable year in which such written notices of allocation are received. Such written consent may include a consent to take into account as income in the same manner the amount of any distributions with respect to patronage provided he or she receives written notice that such amount has been applied on his or her indebtedness to the Association, the PCA or the FLCA. The form of consent shall be prescribed by the Board and it may be included as part of the loan application or other appropriate form signed by borrowers. Consent may also be obtained by use of a qualified check in the manner provided for in Code Section 1388. Consent under this section shall be continuing in effect, provided that consent (other than consent by qualified check) may be revoked in writing, which revocation shall become effective only with respect to patronage occurring on or after the first

day of the first fiscal year of the Association beginning after the revocation is filed with the Association.

880.8 The PCA and the FLCA. Where the Association arranges for the provision of credit and/or related services to its Members and Equity holders through the PCA and the FLCA, and such Members and Equityholders avail themselves of the arrangements made and maintained by the Association by borrowing or acquiring related services from the PCA and/or the FLCA, all net earnings or loss attributable to such provision of credit and/or related services shall be treated as net earnings or loss of the Association from business done with its patrons and all business done with the PCA and the FLCA shall be treated as business done with the Association.

880.9 Capital Adequacy Standards. Notwithstanding other provisions of this section, the Association may not make a cash patronage dividend if the Association fails to meet minimum capital adequacy requirements under the Regulations (including but not limited to subpart H of part 615 and part 628).

890 Amendments to Provisions Respecting Capitalization. Any amendment to Article VIII hereof, or to the capitalization bylaws of the PCA or the FLCA, or any amendment eliminating the right of Members to cumulate their votes in the election of directors, shall not become effective unless approved by the Association's voting stockholders voting in person or by proxy at a duly authorized stockholders' meeting. Any issuance of preferred stock by the Association, the PCA or the FLCA, or any amendment to Article VIII adversely affecting the preference of an existing class of preferred stock, must be approved by a majority of the shares voting of each class of equities adversely affected by the preference or amendment, voting as a class, whether or not such classes are otherwise authorized to vote.

895 Lending Limits for Similar Entities. The total amount of all loan participations that the Association has outstanding to a single credit risk which is a "similar entity" (as defined in §613.3300(b) of the FCA Regulations) shall not exceed twenty-five percent (25%) of the Association's total capital or such other limit as imposed by FCA.

ARTICLE IX EXECUTION OF DOCUMENTS

900 Transactions with CoBank, Releases, and Uniform Commercial Code Transactions. All documents required to be executed in connection with transactions with CoBank, and releases of security, including releases and satisfactions for judgments, subordination agreements, and all security agreements, financing, continuation and termination statements, and other writing relating to secured transactions within the meaning of the Uniform Commercial Code, may be executed in the name of the Association by the chief executive officer or the chief executive officer's designee per Executive Order.

910 Other Transactions. Bonds, contracts, conveyances, and all other documents, except checks and vouchers of the Association, shall be signed by the chief executive officer or any other officer of the Association designated by the chief executive officer, and, when required, shall be attested to by (an) other officer(s) or employee(s) designated by the chief executive officer. When the Association holds a mortgage containing a provision for foreclosure by the Association under a power of sale, the chief executive officer or the chief executive officer's designee may designate and authorize an attorney for the Association to exercise such power and convey the mortgaged property in the name of the Association. No person shall both sign and attest the same document.

920 Expenses and Checks. The chief executive officer, or any other employee(s) designated by the chief executive officer by Executive Order, shall approve and pay all expenses of the Association and shall sign all checks and vouchers issued by the Association.

ARTICLE X RECORDS AND REPORTS

1000 Records

1000.1 Recorded in Minutes Book. Copies of the organization papers of the Association, returns of Association elections, proceedings of all regular and special meetings of Stockholders and the Board, the Bylaws and any amendments thereto, resolutions of the Board and reports of all committees and of the Board shall be signed by their respective chairperson or presiding officers and attested to by the person acting as secretary of the meeting. The foregoing materials, and such others as the Board may specify from time to time, are to be retained by the Association, pursuant to regulations and the Association's records retention policy.

1000.2 Casting Nomination and Election Ballots. To protect the confidentiality of the resolutions adopted by the Board in connection with casting the ballots for CoBank Board members, the minutes of the Board shall reflect only that the Board adopted such resolution and the ballot be submitted to CoBank's independent teller.

1010 Reports. The Association shall make available to each Member such reports as are required by the Act and Regulations and such other reports as the Board deems advisable.

ARTICLE XI UNCLAIMED PROPERTY

The Association shall seek to pay to the owners the proceeds of any retirement of stock and any dividends accrued thereon. In the event that the Association, after three years from the date that such proceeds or dividends are payable, is unable to determine the address or whereabouts of the owner, the funds may be taken into income of the Association unless other disposition is required by state law.

ARTICLE XII FISCAL YEAR

The fiscal year of this Association shall be the calendar year.

ARTICLE XIII SEAL

The following impression or ink stamp facsimile thereof is the seal of the Association:

ARTICLE XIV

INDEMNIFICATION OF DIRECTORS, OFFICERS, AND EMPLOYEES

1400 Indemnification

1400.1 (a) The Association shall indemnify, to the fullest extent permitted by law, any director, officer or employee who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative by reason of the fact that he/she is or was a director, officer or employee of the Association, or is or was serving, pursuant to authorization in writing by the Association's Board of Directors or its President or his/her delegate, as a director, officer, employee, partner, agent, administrator, advisor, fiduciary or member of another corporation, non-profit or cooperative organization, partnership, unincorporated association, joint venture, trust, retirement or other employee benefit plan or other organization or entity, against expenses (including attorneys' fees), judgments fines, penalties and amounts paid in settlement actually and reasonably incurred by him/her in connection with such action, suit or proceeding. Notwithstanding the above, in granting such authorization in writing to directors, officers or employees to serve in capacities other than those described in 1400.7, the Association Board of Directors and CEO reserve the right to establish conditions of approval limiting the extent of indemnification as well as other conditions deemed appropriate to limit the risk exposure of the Association.

(b) The Association may indemnify any agent of the Association to the same extent as and under the same provisions applicable to directors, officers and employees, but only by specific action of and to the extent designated by the Board of Directors.

(c) As used in this Article, "party" means a defendant or respondent in an action, suit or proceeding.

1400.2 Additional Indemnification Provisions. Notwithstanding any other provision of this Article, a director, officer or employee of the Association who has been wholly successful, on the merits or otherwise, in the defense of any action, suit or proceeding referred to in Section 1 of this Article to which he/she was a party shall be indemnified against expenses (including attorney's fees) actually and reasonably incurred by him/her in connection with such action, suit or proceeding.

1400.3 Procedure. Any indemnification under Section 1400.1 of this Article (unless ordered by a court) shall be made by the Association only as authorized in the specific case upon a determination that indemnification of the director, officer or employee is proper in the circumstances. Such determination shall be made (1) by the Board of Directors by a majority vote of directors who were not parties to such action, suit or proceeding, even though less than a quorum, or (2) if such a majority is not obtainable (or, even if obtainable, a majority of disinterested directors so directs), by independent legal counsel in a written opinion. For the purposes of this Section 1400.3, independent legal counsel shall be selected by a majority of disinterested directors or, if such a majority is not obtainable, by the Board of Directors.

1400.4 Advances of Expenses. Notwithstanding the provisions of Section 1400.3, reasonable expenses incurred in defending any action, suit or proceeding referred to in Section 1400.1 of this Article, shall be paid by the Association in advance of the final disposition of such action, suit or proceeding, if the director, officer or employee shall undertake in writing to repay such amount to the extent that it is ultimately determined, as provided herein, that such person is not entitled to indemnification for such amount. Advances of expenses shall be made promptly and, in any event, within 30 days, upon the written request of the director, officer or employee.

Notwithstanding the foregoing, no advance shall be made by the Association if and to the extent a determination is reasonably made pursuant to Section 1400.3 that the director, officer or employee is not entitled to indemnification for such expenses pursuant to Section 1400.1.

1400.5 (i) Right of Claimant to Bring Suit. If a claim for indemnification or advancement under this Article is not paid in full by the Association within thirty days after a written claim therefore has been received by the Association, the claimant may any time thereafter bring suit against the Association to recover the unpaid amount of the claim and, if successful in whole or in part, the claimant shall be entitled to be paid also the expense of prosecuting such claim. It shall be a defense to any such action (other than an action brought to enforce a claim for expenses incurred in defending any proceeding in advance of its final disposition where the required undertaking has been tendered to the Association) that the claimant has not met the standards of conduct which make it permissible under the applicable law for the Association to indemnify the claimant for the amount claimed, but the burden of proving such defense shall be on the Association.

(ii) Neither the failure of the Association (including its Board of Directors or independent legal counsel) to have made a determination prior to the commencement of such action that indemnification of the claimant is proper in the circumstances because he/she has met the applicable standard of conduct, nor an actual determination by the Association (including its Board of Directors or independent legal counsel) that the claimant has not met such applicable standard of conduct, shall be a defense to the action or create a presumption that the claimant has not met the applicable standard of conduct.

1400.6 Contractual Rights. The right to be indemnified or to the reimbursement or advancement of expenses pursuant to this Article (i) is a contract right based upon good and valuable consideration, pursuant to which the person entitled thereto may bring suit as if the provisions hereof were set forth in a separate written contract between the Association and the director, officer or employee, (ii) is intended to be retroactive and shall be available with respect to events occurring prior to the adoption hereof, and (iii) shall continue to exist after the rescission or restrictive modification hereof with respect to events occurring prior thereto. However, this Article does not constitute a contract of employment or any terms and conditions of employment and does not alter the employment status of any employee.

1400.7 Requested Service. Any director, officer or employee of the Association serving, in any capacity, (i) another entity of which a majority of the securities entitled to vote in the election of its directors or comparable executives is held directly or indirectly by the Association and/or other Farm Credit System entities, (ii) any employee benefit plan of the Association or of any entity referred to in clause (i) above, or (iii) any committee, subcommittee, special asset group or other similar body related to the Farm Credit System, shall be deemed to be doing so pursuant to authorization in writing by the Association's Board of Directors.

1400.8 Other Rights. The indemnification and advancement of expenses provided by this Article shall not be deemed exclusive of any other rights to which those seeking indemnification or advancement of expense may be entitled under any insurance or other agreement, vote of directors or otherwise, both as to actions in their official capacity and as to actions in another capacity while holding an office, and shall continue as to a person who has ceased to be a director, officer or employee and shall inure to the benefit of the heirs, executors and administrators of such person. The Association may purchase and maintain insurance on behalf of any person who is or was a director, officer, employee or agent of the Association or who is or was serving in any of the capacities referred to in Section 1400.1 hereof against any liability asserted against him/her or incurred by him/her in any such capacity, or arising out of his/her

status as such, whether or not the Association would have the power to indemnify him/her against such liability under the provisions of this Article.

1410 Applicable Law. Interpretation of this Article XIV shall be under the law of the State of California.

1420 FCA Penalties. Notwithstanding any other provision of these Bylaws, the Association may neither indemnify, nor purchase or maintain insurance to indemnify, directors, officers, employees or agents against expenses, penalties, or other payments incurred as a result of an administrative proceeding or action instituted by the FCA, which results in a final order assessing civil money penalties personally against such individual(s) or requiring affirmative action by such individual(s) to make payments to the Association or any subsidiary of the Association.

ARTICLE XV AMENDMENTS

1500 General. These Bylaws may be altered, amended, or repealed, and new Bylaws may be adopted, by the affirmative vote of a majority of the Board at any meeting of the Board with respect to which notice of intention to alter, amend, repeal or adopt new Bylaws at such meeting has been given and which notice includes a copy of the proposed amendment(s); provided, however, that any amendment to Article VIII hereof, or to the capitalization bylaws of the PCA or the FLCA, or any amendment eliminating the right of Members to cumulate their votes in the election of directors, shall not become effective unless approved by the Association's Members at a duly authorized meeting of Stockholders.

1520 Effectiveness. Amendments to these Bylaws shall become effective in accordance with the resolution of the Board of Directors approving such amendments.
